

## BRIEF OVERVIEW / CAREER OBJECTIVE / SUMMARY

Secure a responsible career opportunity to fully utilize my knowledge and skills while making a significant contribution to the success of the company. I am always interested in learning new skills and nowadays I am passionate about learning blockchain technology and working on it to enhance my skills. I have a good experience in frontend development and currently, I am skilling up my problem-solving skills.

## KEY EXPERTISE / SKILLS

HTML CSS Javascript C C++ React.js Bootstrap Material UI Node.js Express.js MongoDB Redux Git  
Github Linux Figma Postman

## EDUCATION

<b>University Institute Of Engineering &amp; Technology</b> B.E. - Electronics & Communication Engineering   CGPA: 8.74 / 10.00	2019 - 2023
<b>Stepping Stones Senior Secondary School, Chandigarh</b> 12 <sup>th</sup>   CBSE   Percentage: 82.20 / 100.00	2019
<b>Shivalik Public School, Mohali</b> 10 <sup>th</sup>   CBSE   CGPA: 10.00 / 10.00	2017

## INTERNSHIPS

<b>Fewerclicks Software LLP</b> React Developer <b>Key Skills:</b> React.js Solana Blockchain Web3.js Node.js React Bootstrap Learned about blockchain and focused on Solana blockchain to build web apps. Integrated Phantom wallet for Solana transactions. Worked on some live blockchain projects for upskilling my learning.	March 14, 2022 - June 7, 2022
<b>Corestarter</b> Software Developer <b>Key Skills:</b> React.js Solana blockchain Web3.js Node.js Bootstrap Managed their website. Researched, implemented, and managed software programs. Identified areas for modification. Maintained and Upgraded existing systems. Trained users and worked with UI/UX designers, and business and systems analysts.	March 14, 2022 - June 7, 2022
<b>Varlyq Technologies</b> React Development Intern <b>Key Skills:</b> React.js Material UI Next Js Bootstrap Node.js Express.js Figma Worked on various live projects based on user interface and used ReactJs as a library. I worked with a team and was given a mentor to guide me through the learning. Here I learnt redux toolkit which is a very powerful tool for managing state of web application.	Nov. 22, 2021 - March 19, 2022

## PROJECTS

<b>Corestarter</b> <b>Key Skills:</b> React.js Redux Bootstrap Corestarter is a multi-chain IDO Launchpad with an NFT marketplace and high yield token staking platform on Solana Blockchain for high performance and low transaction fees. Here I Built the User Interface and integrated API 's using redux core.
<b>Irregular Effect</b> <b>Key Skills:</b> React.js Redux Blockchain NodeJS Bootstrap An NFT marketplace that is an interface for staking and unstaking NFTS. My work was to integrate the Solana wallet with the user interface and make the UI more feasible for the user. Used Redux Toolkit for better state management and ReactJs as a frontend library.
<b>Tweet X</b> <b>Key Skills:</b> React.js Node.js Express.js MongoDB Redux Toolkit Material UI Tweet X is a Twitter clone web app where multiple users can sign in and post to their feed and every user can see everyone's tweet and can follow a particular user and can also unfollow and can also access the list of the users following him or his followers on the profile page.

## Upsocial

**Key Skills:** React.js Node.js Express.js Redux Toolkit Bootstrap

UpSocial is a platform for content creators to engage with their fans through social tokens. It aims to build a decentralized social token network to enable monetization for creators and exclusive communities for fans. I did research and developed various loopholes in that project and fixed some bugs related to the responsiveness of the website.

## SEMINARS / TRAININGS / WORKSHOPS

**Mastering Data Structures and Algorithms** Institute Name: Udemy

July 9, 2021 - Aug. 9, 2021

**Key Skills:** C C++ Data Structures Algorithms

Learned various data structures like arrays, linked lists, stacks, and queues and also learned to implement algorithms on these data structures such as sorting, merging, etc.

**HTML, CSS and Javascript for Web Developers**

May 28, 2020 - June 28, 2020

Institute Name: Johns Hopkins University

**Key Skills:** HTML CSS Javascript Bootstrap JQuery

Learned basic HTML, CSS, and Javascript language and built a simple restaurant website with the help of bootstrap framework for the proper user interface and added functionality with the help of vanilla js as well as jquery.

**Introduction to Git and Github**

Jan. 7, 2020 - Feb. 7, 2020

Institute Name: Google

**Key Skills:** Git Github Version Control

Learned various git commands and applications as well as uses of version control in the field of software development and how it is optimizable in managing the code. I learned to use GitHub to manage the code.

## PERSONAL DETAILS

**Gender:** Male

**Marital Status:** Unmarried

**Current Address:** House no - 237/1, Sector - 55, Chandigarh,  
Chandigarh, Chandigarh, India - 160055

**Emails:** goyalravish2001@gmail.com , ravishue195092ece@gmail.com

**Date of Birth:** Sept. 30, 2001

**Known Languages:** English, Hindi, Punjabi

**Phone Numbers:** +91-8146999585, +91-8146999585
